

Development Project Gets Assistance From Students

Over \$13,000 has been pledged by the Student Body of Loyola College to the Development Program. The drive, which started at the kickoff assembly in Cohn Hall on April 2, officially ended on April 11. According to the Development Program Office, some pledges are still coming in.

Especially gratifying to the Student Council, under whose direction the drive was carried out, was the high percentage of students who participated in the drive. Of the 668 students at Loyola, 540 pledged something - over 80%. The class with the highest percentage of pledgers was the Senior Class with 96%. Freshman Class pledged the most money, \$5,157.00.

After hearing of the support of the students to the drive, Dr. Frederick F. Ruzicka, a guest

Irish Poet Gives Folklore Lecture

The "Poet Dean of Irish Literature," Seumas MacManus, author of *Heavey Hangs The Golden Grain* will speak on "Irish Folklore and History" tomorrow at 3 P.M. in Cohn Hall.

MacManus has enjoyed a high degree of success in America lecturing about his native country. He has been telling the stories of Irish folklore for more than fifty years.

William J. Gibbons, S.J., Loyola's library director and professor of economics, who is in charge of these speaking engagements has also announced the scheduling of the Rev. Joseph Fitzpatrick, S.J., to lecture here on May 10.

Fitzpatrick, the chairman of the Sociology Department at Fordham University Graduate School, will speak on the "Responsibility of Catholics In The Social Sciences."

Dr. Frederick Rossini of the Carnegie Institute of Technology addressed the faculty and students of Loyola on April 1. Dr. Rossini is Sulliam Professor, Head of the Department of Chrimstry, and Director of the Petroleum Research Laboratory at Carnegie Tech. He has been the recipient of the National Science Foundation Gold Medal for his work in the fields of Thermochemistry, Chemical Thermodynamics and Hydrocarbons.

After speaking to the chemistry students in the morng Dr. Rossini addressed the combined science departments in Xavier Lounge. He spoke on the "National Academy of Science and National Research Council."

Mr. Schwab, a native of Pittsburgh, received his B.S. degree in mechanical engineering from the Carnegie Institute of Technology. He later did graduate work at Ohio State University, Johns Hopkins, and the University of Maryland. Mr. Schwab entered Martin employ in November, 1946.

Previous to his Vanguard assignment, Mr. Schwab worked as a dynamics group engineer on Lacsrosse—a surface-to-surface guided missile produced by Martin for the U. S. Army. Project Vanguard is the project to produce the three stage rocket vehicle which will launch a man-made earth satellite during the International Geophysical Year.

Seumas MacManus

speaker at the kick-off assembly and an outstanding benefactor, sent this telegram to the Loyola Students, "Your most unselfish and loyal participation in Loyola's Development Program will maintain the Loyola tradition for years to come. You have kept the faith. Your contribution will help insure sound education for young people in the future, some of whom will undoubtedly be your own children. I am happy to be a witness to this achievement."

Mr. Henry P. Irr, Chairman of the President's Board, sent this telegram to Bob Cadigan, President of the Student Council, "Congratulations to your organization and entire Student Body on wonderful contribution to Loyola's Development Program. This accomplishment is an inspiration to all of us and we are proud of you."

The General Chairman of the Development Program, Mr. Pierce J. Flanigan, Jr., had this to say, "Just learned of \$13,000 Student Campaign, outstanding success. This example of loyalty will be important help to our committee."

Members of the Loyola College Glee Club pictured above, will participate in the Annual Spring Concert in conjunction with Georgetown Visitation Junior College and a symphony orchestra.

Spring Concert Set On May 3 For Glee Clubs and Orchestra

The Glee Club's Annual Spring Concert on Friday night, May 3rd at 8:30 P.M., will feature the music of the Baltimore Symphony Orchestra and the singing of the Loyola and Georgetown Visitation Junior College Glee Clubs.

The concert will be held under the direction of Mr. Felice Iula in the Evergreen gymnasium and admission will be free to all.

A dance, open to all students, will be held in Cohn Hall after the concert. Admission to the

dance is also free.

Immediately preceding the concert, a candle-light dinner will be given in the College cafeteria for the members of both glee clubs. A separate committee has been set up to organize this dinner.

Decorations are being given a great deal of attention for both the dinner and the concert. Extensive sets are planned for the concert.

The overture to be given by the Orchestra will be that from *Die Fledermaus*. Some of the other selections will be from *Cavalleria Rusticana* by Mascagni.

Among the numbers to be done by the combined glee clubs will be the entire score of *The King And I*. Some combined experience was gained when the score was presented in the recent concert at Georgetown.

Included in the separate numbers to be done by Georgetown's Club will be songs from *Carousel*, *Bittersweet*, and *My Fair Lady*. The Loyola Club will present 'Begin The Beguine,' the 'Soldier Chorus' from *Faust*, 'Giant,' and other numbers.

Fr. Beatty Accepts Grant From United States Steel

Robert Schwab

Schwab Explains Vanguard Project

Tomorrow at 2 p.m. Mr. Robert H. Schwab, head of the Martin Company's structural dynamics group on Project Vanguard, will speak to the Loyola Physics Club in S-Z10. He will discuss the Martin Company's role in Project Vanguard.

Mr. Schwab, a native of Pittsburgh, received his B.S. degree in mechanical engineering from the Carnegie Institute of Technology. He later did graduate work at Ohio State University, Johns Hopkins, and the University of Maryland. Mr. Schwab entered Martin employ in November, 1946.

Previous to his Vanguard assignment, Mr. Schwab worked as a dynamics group engineer on Lacsrosse—a surface-to-surface guided missile produced by Martin for the U. S. Army. Project Vanguard is the project to produce the three stage rocket vehicle which will launch a man-made earth satellite during the International Geophysical Year.

'Marriage As Vocation' First Pre-Cana Topic

"The Sacrament of Marriage as a Vocation," a talk by the Rev. John J. Scanlan, S.J., will be the first in the eighth annual series of Pre-Cana Conferences which begins Sunday evening in Xavier Lounge.

This series of talks on marriage, intended primarily for couples who intend to marry within the coming year, will be held each Sunday evening for the next four Sundays. All talks will begin at 7:30 P.M. and will be over by 9:00 P.M.

The Rev. William M. Davish, S. J., Dean of the Loyola College Evening School, Dr. Charles Keegan and Dr. Brenda Battersby, both practicing physicians, will be among the principal speakers in addition to Fr. Scanlan. This will be the fourth time Dr. Keegan has participated in the conference and the second time for Dr. Battersby.

At the concluding session a panel of four married couples will discuss "The Problems of Married Life and Their Solution."

"Singletons are not excluded," says Fr. Scanlan, "But, couples are preferred . . . and, of course, we would like the couples to attend all four talks."

"The Civil and Canon Law of Marriage," "The Moral Problems of Courtship and Marriage" and "The Doctor Talks on Marriage" are the titles of the other talks.

There will be a meeting of all activity heads or delegates from each of them held by the newly-formed Academy of Student Orientation on May 10.

The purpose of the meeting is to obtain pertinent information concerning all activities on campus. The type and amount of information on each activity in the activities handbook to be supplied to each freshman next year will depend on the cooperation and amount of information supplied by each activity.

Mr. John Munhall, III, representing the Trustees of United States Steel Foundation, Inc. presented Father Beatty with a check for \$1,000. This was one of three unrestricted grants in aid to higher education to schools in the Baltimore area. Goucher and Hopkins also received grants. Other Maryland schools participating in this year's grants will be announced later.

The overall program of the Foundation embraces nearly \$1.8 million to over 600 of the nation's privately supported liberal arts colleges, universities, technological institutes and medical schools.

In making the announcement, Roger M. Blough, Chairman of the Board of Trustees of the Foundation said; "the action of the Trustees represents an effort by this Foundation to extend aid in some form to almost every voluntary-supported institution of higher learning which has clearly demonstrated both its desire and ability to help itself through the crisis presently facing higher education."

The Readers Write...

To the Editor:

I have just seen the plans for the proposed Student Union Building and was surprised to see that a new auditorium was not included. With the amount of increase in the student body expected in the coming years, I fail to see how the present auditorium will be adequate. Cohn Hall, which supposedly seats 531 people, can scarcely contain the present student body of 700. Aside from the obvious inadequacy of space, a great deal of unnecessary trouble is caused by antiquated lighting, lack of storage space, spasmodic heating, and impossible acoustics.

The Cohn Auditorium, as it stands now, does not meet with the standards of this college, nor will it in the future. I feel that the exclusion of a new auditorium from the proposed building project is nothing more than an oversight on the part of the planners; which oversight, when brought to light, will be remedied.

Ed Reese '59

Just a word of appreciation to all who pledged so generously and to all who worked so energetically to help make the student segment of the Building Drive such a success. To have such cooperation towards such a worthy goal is indeed a heartening sign to all. Special thanks to your class chairmen, Brian Varacalle, Earl Logue, Joe Vinci and Gerry Fogarty, Publicity chairman, Charlie Fitzsimmons, the support of the Greyhound and the wholehearted backing of the Student Council and such hard workers as McDonough, Tyler, Marzullo, DeSantis, Kelly, Moore, Magaha, Cullen, Cooney and many others who helped push it over the top. Also thanks to Mr. O'Hern and his staff for their cooperation throughout the drive. This drive would not have been the success it was without the coordinate efforts of all the students. Thanks again.

Bob Cadigan

To the Editor:

Lecturing is an adult method of teaching. It removes grade-school supervision and frees the student to read, study, and write without daily checks. Supposedly, this is necessary to prepare him for adult life, where the boss will not be peering over his shoulder. This reason, it seems to me, lacks a basis in reality. For the motives that make a man work each day resemble not so much those that make him read as those that make him cram. Doing a job is like taking a final exam, not passively listening to a superior. Having made these general comments, I shall state some observations about the present situation at Loyola that convince me a better teaching method is oral questioning.

Lecturing has produced negative results in home preparation, in library use, and in the classroom. Except just before a test, students rarely open the text, figuring "That's not due yet." Except to look at slick magazines, they seldom visit the library, the lack of which habit may explain the desperation of submitting a plagiarized term paper. In class, they doodle. All of which conditions led a faculty member to observe. "If most students could pay four years' tuition and receive a degree, they would never come near a college."

Occasionally a teacher will sprinkle a few questions into his lecture. Sometimes they are merely a "what?" in the midst of a sentence, which the teacher immediately answers himself and looks insulted if anyone raises his hand to answer it. At other times, the questions are so obvious that

the students feel too insulted to raise their hands. And instead of calling on anyone, the teacher assumes he is addressing two-year olds. Sometimes, though, he does ask a legitimate question. But these are so rare that no one is paying attention, and hence no hands go up because no one has heard the question.

What can be done?

First, the instructor should tell the class what specifically will be discussed the next period and what book to consult. For instance, he might say, "For the next class, be able to discuss the causes, development, and contemporary criticism of Wordsworth's poetry. Major British Writers is good, but the authoritative text is by Herford." He should be careful not to mention too many books, but to leave room for library discovery.

Next, the ground to be covered should be gone over by students' answers. The teacher should call on people for the objective matter and ask for volunteers for deeper and related questions. Nor should he be above giving credit for right answers and punishing for wrong ones. If no one knows an answer, the teacher should assign someone to look it up, telling him where to find it, and calling for a report the next period.

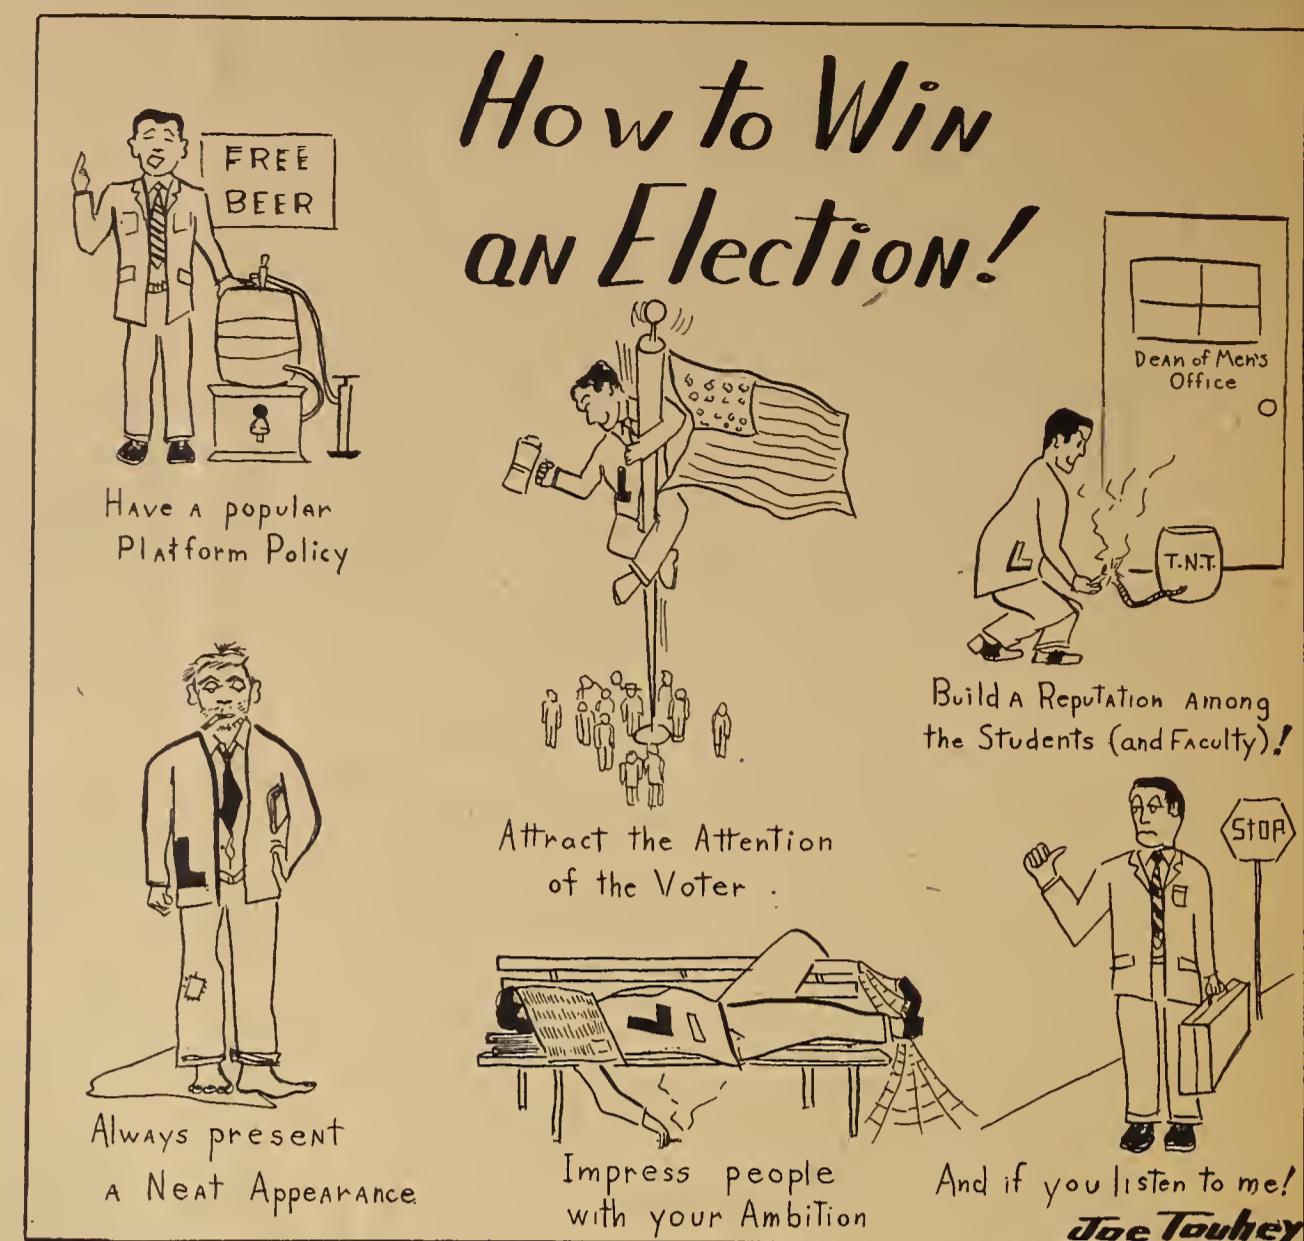

When students see that their energies are recognized, pride and fear will prompt them to prepare, look up further information and pay attention in class. Their attitudes (and the faculty's) will be electrified. And, most important, they will be led to discover the joys of using their intellects and wills.

Burch, '56 Grad, Receives National Fellowship Award

Thomas K. Burch, a graduate of the class of '56, has received a National Fellowship from Princeton University to study there for his Ph.D. in Social Science Research Council.

The president of the Student Council and member of the Alpha Sigma Nu national honorary fraternity while at Loyola, Burch graduated 'summa cum laude' with an A.B. in Political Science. He also took night courses here and at Hopkins which practically gave him a degree in Sociology.

He completed his senior year under a fellowship from the SSRC with a 3.857 point average. During this year, Tom wrote papers on "Induced Abortion in Japan under the Eugenic Protection Law of 1948," and "Basic Ecclesiastical Statistics for Latin America."

He is presently assisting Father Gibbons in completing the work "Catholic Attitude on Fertility Regulations," under a grant from the Population Council.

The Princeton award is valued at \$2100. Burch has also received, together with the Princeton fellowship, the "Louis E. Worth" and the "Laverne Noyes" fellowships which are valued at \$750.

Just Asking The Question Man

By BILL KIMMEL

There is a growing trend (or so I have been told) among students at Loyola expressing anxiety as to whether or not Evergreen will have major courses in Sociology and Economics. The following is a list of opinions in answer to the question, "Should there be a Sociology and/or Economics Major course at Loyola?" Needless to say, a question of greater importance would be hard to imagine.

Tom Gahan — No comment!

George Derr — Yes. Economics is a basic need. Sociology is negligible.

Jack Cummings — Yes, because economics and sociology are two very important subjects pertaining to world-wide affairs and give the student a greater knowledge of current events.

Bob McGrain — No, I feel that there should be no majors here at Loyola but that the further broad background of all the liberal arts should be imparted to all the students. This course should include courses in all the sciences, one classical language, English, and the social sciences.

Frank Kirby — No, because there have not been, to my knowl-

edge, students interested in a major other than the ones already available.

Bill Leonhart — Yes. It's good for a college to offer all the courses for which it can adequately provide.

Bob Baker — Considering all the circumstances, I feel that it is safe to state that the question at this time remains open to sly and conjecture. This, of course is purely tentative.

Mark Fuqua — No. There is not enough room or enough time for additional major courses since the schedule is already loused up with what few majors are available. These new majors would result in too many conflicts in schedule.

Charles Cox — Yes, definitely, because we at Loyola have very capable pedagogues in these vast fields of endeavor.

ROTC Seniors

Branch Assignments

By DAVE GILLIS

Twenty-eight graduating ROTC cadets will receive commissions as 2nd Lieutenants in the Regular Army or Army Reserve on June 9 in Cohn Hall.

Three others will receive their 2nd Lieutenant commissions upon completion of academic requirements or summer camp.

Each man has a choice as to which branch of the Army he wishes to serve in and also the length of time he wishes to remain on active duty.

Their respective choices, and hence their assignments, are as follows: E. J. Bennett, Military Intelligence, 2 yrs.; R. O. Brooks, Field Artillery, 2 yrs.; G. W. Conklin, Ordnance, 6 mon.; S. J. Cox, Field Artillery, 6 mon.; R. G. Duke, Field Artillery, Regular Army; C. W. Eichelman, Ordnance, 2 yrs.; C. D. Erhardt, Signal Corps, 6 mon.; C. J. Fitzgerald, Anti-Aircraft Artillery, 2 yrs.; C. H. Foos, Infantry, 2 yrs.; C. J. Foreman, Mil. Intelligence, 2 yrs.; E. T. Hamper, Infantry, 2 yrs.; P. E. Hickman, Transportation Corps, 2 yrs.; G. G. Kauper, AAA, 6 mon.; P. T. Knapp, AAA, 2 yrs.; J. J. Kneval, AAA, 2 yrs.; A. A. Levero, AAA, 6 mon.; V. P. McCorry, Armon, 6 mon.; E. P. McDonough, Field Art., 6 mon.; T. P. McHugh, Field Art., Regular Army; D. C. Meinhert, Army Security Agency, 2 yrs.; L. J. Panico, Field Artillery, Regular Army; G. F. Petrik, AAA, 2 yrs.; J. W. Roche, Infantry, 2 yrs.; F. J. Schildwachter, Ordnance, 2 yrs.; J. V. Stout, Signal Corps, 6 mon.; J. A. Streb, Adjutant General Corps, 6 mon.; D. A. Tritnite, Field Art., 6 mon.; W. R. Troy, Transportation Corps, 2 yrs.; B. P. Varacalle, Infantry, 2 yrs.; R. W. Witt, Medical Service Corps, 2 yrs.; J. T. Yuhn, Infantry, Regular Army.

This affair, sponsored by the Alumni Association, is being held to get the alumni back on campus with their families and friends to see their fellow classmates and let the kiddies see where daddy went to school.

Tables will be set up so that the guests may bring picnic lunches.

Registration will be at 11:00 a.m.

The first activity of the day will be when an alumni lacrosse team will play the Loyola varsity at 11:00 a.m. At 12:00 p.m., the alumni will play the varsity tennis team and at 2:30 p.m., the alumni will match hits with the varsity baseballers.

A diving exhibition will be held in the Evergreen pool during the afternoon, following which the pool will be open to the visitors.

From 12:30 p.m. to 1:00 p.m. there will be a program of games for children of all age groups. The winners of the games will receive prizes.

Harry Devlin, '38, is chairman of the affair.

Burke, Rackmales Get Assistantships To U. M., Lehigh

Charles Burke and Bernie Rackmales, two English majors, have received post-graduate assistantships from the Universities of Maryland and Lehigh, respectively.

Burke, president of the L.I.T., was also offered an assistantship to Colorado A & M to teach, which he turned down in favor of Maryland where he will correct theme papers. Mr. Burke intends to pursue graduate work only to a Master's Degree.

Rackmales' assistantship at Lehigh includes teaching freshman classes. Bernie is Program Chairman of the L.I.T.

G. Nellies Named Head of NFCCS

At the recent regional council meeting of the National Federation of Catholic Students, George W. Nellies was elected President of the Baltimore-Washington region for the coming year, 1957-58.

This is the first time that a Loyola student had been elected to the regional presidency.

As president, George will have the duty of representing the Baltimore-Washington Region in the determination of policy for the national federation which involves the area of politics in federal aid to education, the intellectual life in Catholic colleges, civil legislation of censorship, and finally the importance of intellectual life among college students as emphasized by John Tracy Ellis.

The PR's convened on April 12 for the sole purpose of electing new officers. These officers have already assumed command of their company and are: George Skirka, Company Commander (Capt.); Joe Burns, Executive Officer (1st Lt.); Elmer Linthicum, S-1 (2nd Lt.); Dick Love, S-2 (1st Lt.); Ed Balda, S-3 (1st Lt.); Bill Offutt, asst. S-3 (2nd Lt.); Jerry Birch, S-4 (2nd Lt.); and Richard Nietubicz, 1st sergeant.

Last year, while serving as a member of the executive board of the region, he promoted a revision in the commission construction of our area. This allowed the eleven colleges in this area to take more active part in the work of the commissions.

Jr. Prom Scheduled For Tommorow Night

The Junior Class Prom will be held at the Hillendale Country Club (pictured above) tomorrow night.

Queen's Ball To Feature Contest

Highlighting the Queen's Ball this year is the photo contest to choose the Queen's court from among the dates present. The Queen, of course, will be the Blessed Mother.

Anyone wishing to enter his date in this contest can put her picture in the box soon to be placed in the cafeteria for this purpose.

The following information should be clearly printed on the reverse side of the photograph: the girl's name, her date's name, his year and section. The photos are to be between 3x5 and 5x8 inches in size. All pictures will be returned promptly.

The Juniors and their dates will dance to the music of Carl Hamilton tomorrow night at their Junior Prom. The formal affair is to be held at the Hillendale Country Club in Phoenix Md. Weather permitting, there will be dancing on the patio as well as inside. The program committee has insured that the music offered will contain many of the current favorites.

Nosegays will be given as prom favors thereby eliminating the necessity for corsages.

Larry Watts, program committee chairman, states that the patron drive was more than successful and offers his appreciation to all who subscribed. All other arrangements have been made, according to Rudy DeSantis.

Tickets are still available. They may be had from the Junior Class officers for six dollars.

DESIGN FOR SELLING

Design is the first step in producing Packaging that sells. That is why we, at The Lord Baltimore Press, put so much emphasis on *good* design and color; and on graphic super-realism in depicting the customer's product.

Packaging Design is just one of many phases of Packaging that is given particular attention at The Lord Baltimore Press.

It is just one of many reasons why The Lord Baltimore Press has come to mean "Good Packaging" to the beverage, food, drug and cosmetic industries.

By making available a full range of facilities under one roof, The Lord Baltimore Press offers unusual opportunities to anyone interested in Packaging as a career. If you are interested in—

Baseball Team Seeks Another Win Here Today

"As yet," according to coach Reitz, "the first and second base positions are unsettled." Jack Beatty seems to be the best bet for a regular berth at second, while Tom Corcoran and (good grief!) Charlie Brown have been rotating at first.

Rounding out the infield, Bucky Foote has been doing his usual tremendous job at short-stop. His dazzling speed and quick hands have robbed many a batter of a hit in preceding games this year.

In the outfield, Don Deinlein has been coming through consistently beside Benzing and Fitzgerald with those needed base hits. He went 3 for 3 against Western Maryland, including two doubles.

As of now, the utility outfielder is Freshman Mike Weigman, but he can also be counted on for infield duty if needed.

On the hill, Jim Henneman, Gary Foreman, and Dave Ebersole have been doing most of the work. Henneman came in to relieve and pulled the B.U. game out of the fire.

Belting the ball at better than a .450 clip after two games, is sophomore catcher, Paul DiPino. DiPino's knack for working with pitchers and his rifle-like shots to cut down stealing runners have made him one of the most respected backstops in the M-D circuit.

Racketeers Take Two In Mason-Dixon Trials

The Loyola tennis team wrapped up two quick wins in its quest for a third straight Mason-Dixon championship.

The Hounds have beaten Towson and Catholic U., both by scores of 8-1.

The opening match with Towson on April 10 left coach Vince Colimore very pleased with his veterans and pleasantly surprised with his newcomers. The veterans played their usual steady games, backed up by improved performances from the men with limited experience. Jim Fowler and Bob O'Conor particularly showed considerable improvement over last year.

Once again the three doubles teams won their matches and all in straight sets.

The team, as it looks now, will probably remain so all through the season. Singles will be handled by Chard, O'Conor, Cummings, Fowler, Twardowicz, Clifton and Carper. The doubles will be handled by O'Conor and Cummings, Chard and Fowler, and Twardowicz and Carper.

Hugh McKenna is shown about to break the tape while winning an event in a track meet against Mt. St. Mary's here at Evergreen.

Track Squad To Oppose Hopkins' Team Saturday

The track team will meet Johns Hopkins Saturday (12:00 p.m.) at Homewood.

Another Saturday, April 13, was a bad day for the Hounds as they finished fifth in an eight team field in the Catholic U. Invitational meet.

The Cardinals continued their mastery by finishing in the number one spot with 46 1/5 points, thus extending their streak to twenty wins in the last twenty-one Invitational meets.

Ken Billeb, Paul Sherman and Hugh McKenna turned in sparkling performances for Loyola. Billeb ran away from the field in winning the mile in 4:31. Sherman also gave the assembled coaches something to talk about by winning the half mile in 1:59.

Hugh McKenna started this season where he left off last year, finishing second to John Hibert of Catholic University in the hundred. In order to win, however, Hibert had to set a new meet record of :09.8. McKenna finished fourth in the 220 and was a member of two lap relay team which finished third.

The following Monday Loyola took it on the chin, losing to Mount St. Mary's, 79-43. Although Hound runners captured the 100, 220, half-mile, mile and two mile run, they still could not make up for the Mount's virtual sweep in the hurdles and field events.

Hugh McKenna was the big winner for Loyola taking the 100 and 220 and running a thrilling anchor lap in the 880-yard relay which was one of the best races of the day. In this, he was aided by the fine running of Pat McDonough, who also picked up a second in the broad jump, Vic Dragan and Bill Corcoran, who finished third in the 330.

Another highpoint of the meet was the one-two-three finished of Billeb, Sherman and Burton in the two mile. Billeb finished first in the mile while Sherman won the two-mile. All are outstanding runners and lack only experience to make them outstanding.

Hound Stickmen Battle Hopkins' Squad May 4

Hoping to get on the winning track after recent setbacks to Penn State, Swarthmore, and Maryland, Loyola's improving Lacrosse team will entertain Johns Hopkins here (2:30) May 4.

The Hounds are just beginning to find themselves and have been looking impressive in the last few outings. Still trying to overcome the injury problem Loyola will send its vaunted attack against the strong Jays in an effort to fashion an upset. Mickey McFadden, Jack Armstrong and Chuck Franklin form one of the best attack units in the State and are always a threat.

McFadden bidding for an All-American rating this season has drawn nothing but praise from opposing players and coaches. Penn State Coach Ernie Baer whose squad defeated the Hounds 13-9 calls McFadden a "real All-American." Gene Corrigan mentor of Washington & Lee said that Mickey is "the fastest thing I've ever seen with a lacrosse stick. He's a threat every time he has the ball."

The Greyhounds were never in the game against the champion Terrapins but the score was lower than many observers thought it would be. The Terps rolled up a 9-1 lead at the half and went on from there as Bob and Dick Nolker again lead the Maryland offense. The final score was 17-8.

Sample Album Shown On Request
Black and White, Color or 3-D

The midfield is shaping up and will probably be much improved next year. Jim Vaeth, John Kirby and Ray Rossi are improving in each game and are doing more to help the attack than at the beginning of the year.

Inexperience has hurt the defense this year. Ray Kane, Bill Hooper and Bob Wintz have all done acceptable jobs in their first year at that position but their lack of familiarity with that post has hampered their playing.

Intramural Title Taken By Dinks

Surging from behind on the pop shooting of Tom Gahan, Gene Grimes, and Lou Hofferbert, the Rinky Dinks nabbed the intramural basketball title by downing the Debits twice.

Faced with a one-loss elimination, the Dinks pulled out a 31-28 opening game win to tie the series, then stormed to a one-sided 43-27 victory to nail the title.

Gahan knocked in thirteen points in the opening game, while Grimes connected for seven and Jim Henneman for six. Jim Teabo copped point-getting honors, however, rimming fifteen markers for the sophomore Debits.
